This Price List presents the fees due to OMIP relating to Market activity, as well as other fees applicable to users of its services.

A. General Provision

1. When, herein, referring to the calculation of fees or values on an annual pro-rata basis, it is meant that the value for that year is determined on a daily basis, proportional to the period between a given moment, henceforth “reference date”, and December 31st of that year.
2. Whenever not stated to the contrary:
 - a) The values stated in this Price List are invoiced by OMIP to the Entities in question;
 - b) The payment or refund of amounts by/to Members is carried out through the daily financial settlement (DFS);
 - c) The payment or refund of amounts by/to non-Member Entities is carried out via bank transfer;
3. Henceforth the “monthly MS” is the settlement of fees and other values that is performed through the Market’s daily financial settlement (DFS), with value date until the 5th. Trading Day of the month following the “reference date”, or if this is unavailable, the moment the amount is due.
4. Henceforth the “monthly TS” is the settlement of fees and other values that are not carried out through the daily financial settlement, because they are either due from non-Market Member Entities or the operational conditions are not in place to do so. In this case settlement occurs via a bank transfer which should take place until the 10th. Trading Day of the month following the “reference date” or if this is unavailable, the moment the amount is due.
5. Although every effort has been made to standardize all the procedures relating to this Price List, OMIP reserves the right to adapt them in order to include situations that are not foreseen herein.
